

EcoSMR Open Business Day 2021

Big Business from Small Reactors

Monday 22.3.2021 at 12.00 – 16.00 (GMT + 2)

EcoSMR Open Business Day 2021 is an open webinar organized by VTT and directed to energy producers, suppliers, end users, researchers and the general public. The webinar includes talks on the general future of energy production in Finland and in Europe, a political view on the future of clean energy production and special case stories from companies in Finland and abroad. The webinar is free of charge.
